

Unifimoney Brand Guidelines

LOGOS

The Unifimoney logo set consists of two variants:

Full Logo

The full logo is designed to be used on all Unifimoney properties across digital and print. It should be used wherever users are logged out of their accounts.

U Logo

The 'U' logo is primarily used within the app to maximize available space within the app header.

All logos use the 'u' from the primary logo as a spacer to form the required safe area around the logo.

COLORS

Unifimoney uses a range of colors over three palettes.

Primary Palette

These colors are the base of the Unifimoney brand palette. UM Green is used as a highlighting color that's ownable for Unifimoney. UM White and UM Black are bold, contrasting colors to be used as backgrounds and text colors throughout Unifimoney digital and print properties.

Secondary Palette

The colors in this palette allow for a range of gray tones. They are largely used as backgrounds and content containers.
